Secretary Awards

These Secretary Awards have become so collectible and are in the collections of a good many collectors. Consequently, we have agreed to show them to not only document all of our pins, but to hopefully clarify the original purpose/intent of these issues. An example of the misunderstanding that can arise from issues such as these can be found in the Color Catalog of MD Pins that was issued several years ago by Lion Joe Trezza of California. That Catalog incorrectly shows the 1961 award (copper) as the 1961 State pin. There was no State pin issued in 1961. These awards were discontinued after the 1963 issue, at the request of LCI.

1962 District Cabinet Gift

The District Governor in each respective District presented a set of gold cuff links to each member of his Cabinet. Because of the total number of cabinet members throughout the State, these cuff links have become highly collectible, particularly since they are identical to the 1962 pin for that year. We show them here merely to document the fact that they exist and may, from time-to-time, show up in pin auctions. They obviously are NOT trading pins.

We have known of the existence of one set of the Marching Lion, Lioness, and Leo charms since they were originally issued but could not confirm that there was more than that one set. Recently (2017) a set surfaced in the State of Illinois and we feel it appropriate to share it with you. There are no doubt other sets just waiting to be discovered. We show them merely to document their existence.

MULTIPLE DISTRICT 24 - Council of Governors Specials

Mar 2011

These pins were issued by the Council of Governors in limited quantities, for the most part, to commemorate their year or to raise funds for a specific Lions charitable activity.

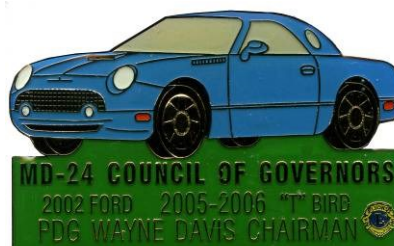

MD 0091 01

Each District in the State is in a different color to form the outline of the State. The names of the 2001-02 Council is shown in their respective District. This issue was limited to 100 for each District.

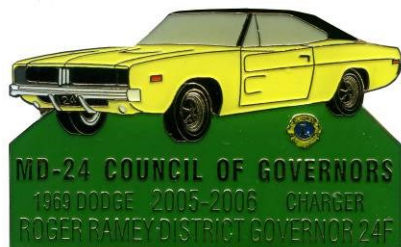

LCI Sight First II Campaign

The 2005-06 Council issued a seven pin set to raise funds for the LCI Sight First II Campaign. Each District Governor was allocated 22 complete sets to sell with all profits designated for the Campaign. Except for DG Taylor and DG Gwinn, the DGs had varying numbers of their own pin made for trading purposes. In the absence of all doing this, the only way one can get the entire set is to purchase or trade for it from someone who has one available.
