

***Pictorial Color Catalog
of the
Lions of Virginia, MD-24
Trading Pins***

On-line Pictorial Color Catalog of the Lions of Virginia (LOV) Trading Pins

This is a reissue of the *Pictorial Color Catalog of the LOV Trading Pins*, which was created and maintained for many years by PCC William “Bill” Smith. Virginia Lions and Lion Pin Traders are deeply indebted to Bill for the countless hours which he spent tracking down and cataloging all (known) Virginia Lions pins. This catalog contains all of the images that are included in the March 2011 Edition, except for the personal pins. A separate catalog to document the personal pins is being issued simultaneously with the catalog and will also be provided to you on the PTCV website. Please note that in the upper right corner of the pages, the date of issue is indicated. As changes are made to a particular page, the date of that issue will be properly noted.

Numbering System

A number has been assigned to each pin. The number not only provides a reference for users in identifying the pins they may be seeking, it also provides an “historical track”. As an example, you will find a pin identified as “MD 0036 87”. The first two letters identify the category, i.e., “MD” tells you the pin is a Multiple District pin. Next are four numbers to identify the number that has been assigned to that particular pin. Generally speaking, it also tells you how many pins that have been issued in a particular category, i.e., “0036” tells you that this is the 36th pin identified in the Multiple District category. The last two numbers, i.e. “87”, identifies the year in which the pin was issued. There are times when the last two numbers differ from the year shown on the pin. This will happen when a pin is issued in the year prior to the year for which the pin is intended to commemorate an event. The best example of this is the fact that almost all of our annual Multiple District pins are issued in the year prior to that shown on the pin. When you want to make reference to a pin, all you have to do is refer to the number assigned and the page on which it appears. That will eliminate the need to go into detail to describe the pin.

MD	0036	87
Multiple District Pin	Number Assigned to the Pin	The Year of Issue

I urge you to send any comments, suggestions, corrections, or proposed changes to me as soon as possible.

Pictorial Color Catalog of the Lions of Virginia Trading Pins

Multiple District Pins

Regular Pins

MULTIPLE DISTRICT 24 - Regular Issues

Oct 2016

MD 0001 60
Flat "L"

NOTE: The original Flat "L" has a safety pin back. Second generation pins, which have a post & clasp back, were made from the original mold by the original company (Balfour) and are in most traders collections. We have only seen 5 of the original safety pin back pins.
