For two years we have had a five pin set for trading during the Swap. Based on the theory that you can't kick success, we are offering another set this year featuring the Wild West theme. Santa in disguise.

As in the past, when you arrive at the Swap you will have an opportunity to purchase five pins for \$15.00, which will be used to help offset the cost of the pins and the swap. However, you will only receive one color of the pins. The object is to keep one of your pins and trade for the others with traders who have received different colors. This has promoted lots of true pin trading in the past and we hope it will do this once again.

A Bit of Minnesota History

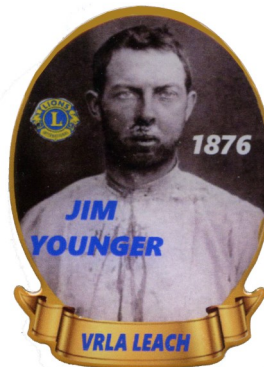

On September 7, 1876, the infamous James-Younger Gang attempted to rob the Northfield National Bank of Minnesota. The gang, which included the characters shown in this set, was defeated by townspeople shown in the group picture below. This event is considered the turning point in American outlaw history. Three of the outlaws were killed and the others were never the threat they had once been throughout the Wild West.

Defenders of the Alamo

There were about 200 individuals who fought and died on the final day of the Battle of the Alamo for Texas liberty against Mexico. These men came from a variety of backgrounds but probably the three most well-known were William Barret Travis, James Bowie, and Davy Crockett. These three are featured in this outstanding set of pins.
